

## Sheetmetal Mechanic – Job Overview

Our continued growth has resulted in the need for experienced Sheetmetal Mechanics. We are seeking skilled and safety oriented sheetmetal mechanics with at least 3 years of sheetmetal experience on commercial new construction projects. Must be able to reach and interpret blueprints, drawings, and design ability of related HVAC systems.

### Key Responsibilities:

- Read Prints
- Layout Ductwork
- Draw Cut Tickets
- Layout and assemble the following: Rectangular Ductwork, TDF/TDC, S and Drive; Snap lock Duct; Spiral Duct Oval and Double Wall Duct

### Other Tasks/Work Qualifications:

- Install Hangers
- Install AHU's
- Install VAV's
- Install Flex Duct and Grilles Seal Ductwork
- Demo Duct and Equipment (when required)
- Must have own hand tools
- Minimum of 3 years of commercial experience (Journeyman or Helper will be considered)
- Ability to pass background screens that includes a criminal background, drug test, and physical ability exam.

Job Type: Full-Time

Pay: \$25 - \$30/hour (DOE)

### Benefits:

- 401K Matching
- Health/Dental/Vision Insurance
- Life Insurance
- Health Savings Account (HSA)
- Paid time off (PTO / Holiday Pay)

Join our team and contribute to the success of our projects. We offer competitive compensation and a supportive work environment with a collaborative innovative team. Apply today to be part of our dynamic team!
